Agreement on granting the right of use

Dear business partner!

Thanks a lot for your registration to our online shop and your confidence in us.

Photos make your advertisement media and web pages look fresh and alive. They are key influence factors for the attractiveness of your offers. This is why our target is to provide you with high-quality pictures, texts and data.

Recently we have more and more often been faced with photos and texts being used illicitly and sometimes even modified by third parties without our approval. We want to make the perfect illustration of your web pages and advertisement media possible – now and in future. This is why we kindly ask you sign and return the attached

Agreement on granting the right of use

to us. This document will be the base for all download and data transfer facilities offered at our web page.

This will enable you to further improve your competitive position.

Thanks in advance for your attention.

Best regards

Foto Walser GmbH & Co KG
